

Corporate Fact Sheet

Who we are

Dynetics, an employee-owned and privately held company, provides responsive, cost-effective engineering, scientific, and IT solutions to the national security, cybersecurity, space, and critical infrastructure security sectors.

We offer highly specialized technical services and a range of software and hardware products, including components, subsystems, and complex end-to-end systems.

Fast Facts

- **Founded in 1974** and headquartered in **Huntsville, AL**
- **1,600+ employees**
- **Locations** in Alabama, California, Colorado, Florida, Michigan, Mississippi, Ohio, Texas, Virginia, and Washington D.C.

Leadership

- **David King**, Chief Executive Officer
- **Greg Lester**, President
- **Tom Baumbach**, Chief Technical Officer
- **Steve Cook**, Senior Vice President, Corporate Development
- **Mike Moody**, Senior Vice President, Business Operations
- **Ronnie Chronister**, Vice President, Contracts
- **Cindy Griner**, Vice President, Engineering Services & Solutions
- **Mark Miller**, Vice President, Missile & Aviation Systems
- **Randy Reynolds**, Vice President, Finance

Certifications

- AS9100D; ISO 9001:2015
- CMMI® DEV Maturity Level 3

We deliver superior quality, high-technology, services and products ethically, responsively, and cost effectively.

Dynetics Strategic Business Areas

Automotive

- Automotive electrical diagnostic systems
- Engineering diagnostic tools
- Vehicle data loggers
- Support for R&D, engineering, validation, manufacturing, and service for commercial automotive vehicles

Cyber & IT Solutions

- Mission Focused Tools and Services
- Cyber Risk Management Solutions
- Managed IT Solutions

GroundAware® Surveillance

- Critical infrastructure security
- Low cost long- & short-range detection with real-time classification of targets
- Easily integrates with existing systems
- Lifecycle & support warranty

Intelligence

- Scientific and technical intelligence analysis
- Electronic warfare
- Intelligence, surveillance, and reconnaissance systems

Radars and Sensors

- Advanced radar signal processing
- Foreign weapon systems analysis
- Intelligence, surveillance, & reconnaissance (ISR)
- Reconnaissance, surveillance, & target acquisition (RSTA)

Space Solutions

- Propulsion systems and mechanical and propulsion testing
- Small satellite development
- System integration & assembly
- Mission design & vehicle sizing
- Vehicle structure design and manufacturing

Strike Systems

- Warhead design and development
- Collaborative autonomy
- Rapid prototyping
- Enhanced end-to-end system development, including SGM and Gremlins

Unmanned Systems

- Hardware, software, and payload integration
- Flight test operations & support
- Counter-UAS

Weapons Technology

- Warhead Fuzing Design, Analysis and Testing
- Avionics Solutions
- Test and Training Solutions
- Electrical Manufacturing
- Specialty Machined Parts and Manufacturing

Corporate Responsibility

At Dynetics, our employees understand the value of giving back to communities where we live and work. We believe that supporting organizations by volunteering and through charitable contributions, we can truly make a difference. Our commitment spans from science, technology, engineering, and mathematics (STEM) activities for students to health and well-being events for all ages. We open our doors to non-profit community partners so they can meet in a safe and enjoyable environment. Dynetics is dedicated to serving others and contributing to a better quality of life.
